

Dear Student(s) and/or Parent(s):

All full-time students and international students at the University of Rhode Island are required to be covered by a health insurance plan. In order to effectively administer our policy, **all full-time students and international students are automatically assessed \$1,133 for the university sponsored STUDENT INJURY AND SICKNESS INSURANCE PLAN on the tuition bill.** This charge can be **WAIVED**, along with the coverage, if you provide proof of existing comparable coverage (as addressed below).

The insurance is offered through UnitedHealthcare **StudentResources** and offers the UnitedHealthcare Network. For a full description of coverage including costs, benefits, exclusions, any reductions and limitations, and the terms under which the coverage may remain in force please visit the UnitedHealthcare **StudentResources'** website at www.uhcsr.com. The plan is underwritten by the UnitedHealthcare Insurance Company.

If you presently have comparable private health insurance and wish to waive the student plan offered by the University, you must complete an on-line waiver after July 1, 2009. To complete the on-line waiver, log on to www.health.uri.edu and select Insurance Waiver. Fill in all required fields and submit the form. If all required information is entered successfully, you will receive a confirmation that your waiver has been successfully submitted and the insurance fee will be removed from your tuition bill in approximately 30 days if your waiver is approved.

The deadline for completing the on-line waiver is October 9, 2009. If you do not complete your waiver by the deadline, you will be responsible for the \$1,133 premium for the Student Injury and Sickness Insurance Plan.

If you have any questions, please contact UnitedHealthcare **StudentResources** at customerservice@uhcsr.com or (800) 767-0700 or contact our Insurance Office at (401) 874-4755.

Sincerely,

Charles Henderson
