Dear New Student,

Welcome to the University of Rhode Island and URI Health Services! We know this is an exciting time with much to do, but we want to inform you of some actions you must take to fulfill URI Health Services requirements. All new full-time undergraduate and graduate students must complete these requirements by August 11, 2017. Failure to submit this required health information by the deadline may result in a hold on your account that could hinder your ability to register for classes.

Please visit our website at health.uri.edu and select the New Student Information menu. Detailed instructions on our website will guide you through the requirements. Below is a checklist of actions that need to be completed.

Please check your URI email (my.uri.edu) for communication from URI Health Services throughout the summer. We will send you an email if you are not compliant with the immunization requirements. If you have further questions, please call Health Services at 401-874-2246.
